*The Ultimate Tool
to Prepare and Train Teachers
for Children's Ministry*

► ***In Step with the Master Teacher is discipleship-based.*** This exciting teacher-training program will prepare your teachers to disciple children as Jesus did: by modeling God's truth, by building relationships, and by teaching for response.

► ***In Step with the Master Teacher is ready-to-use.*** The interactive CD-ROM contains everything you need to lead between 1 and 22 hours of biblical, integrated teacher training, including fully-scripted training notes, reproducible worksheets, and full-colour visuals for printing or projections. You can print the material for the sessions you plan to use and save the rest for a later opportunity!

► ***In Step with the Master Teacher is universally relevant.*** This material was developed with input from national children's workers in more than 20 countries—many of them from developing nations. The sessions are full of creative and practical ideas that you can use regardless of the location, size or budget of your children's ministry.

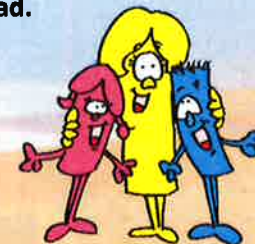

Remember, we are here to support you! We at BCM International (Canada) Inc. believe that practical, Bible-centered teacher training can revolutionize your children's ministry. We are committed to helping you provide that training!

In Step with the Master Teacher

Overview of In Step with the Master Teacher

The twenty-two training sessions of In Step with the Master Teacher are divided into four main groups. Each group is built around one hour of Core Training. Together, these four hours of Core Training provide a foundational understanding of a teacher's role. Go to www.instepmasterteacher.com for more information and sample lesson download.
